Service department

SERVICE DEPARTMENT

- PROVIDES SERVICES TO CUSTOMERS DURING WHOLE EQUIPMENT LIFE CYCLE
- PROVIDES PREVENTIVE MAINTENANCE UNDER SERVICE CONTRACT
- PROVIDES LEAK DETECTION SERVICES

GOAL: QUALIFIED SERVICE SPECIALIST
FOR EACH TYPE OF EQUIPMENT

Our service department equipped with all necessary tools, lifting machines. Wet blasting machine and ultrasonic bath let us make careful cleaning of contaminated parts .

We are able to make overhaul maintenance and retrofit of Rotary-vane, Side channel, Roots, Screw, Claw, Dry pump, Turbo and other type of vacuum pump.

Service Department:

- The qualifications of our service technicians are constantly proven by the successful solution of complex tasks
- Our employees increase their knowledge through direct contact with the manufacturers
- Periodic practice and training at the manufacturer's training centers allows us to keep abreast of new technologies and features of equipment repair.

Service Department during pandemic:

- 12 hours / 2 days new working period
- Not crossed working time
- Covid tests on regular basis and before customer's visits

- We inform our customers about advanced world technologies.
- Leading experts of Russia, United States, Europe take parts in our presentations.
- We increase technical level of our customers on special trainings
- We provide technical consultations
